
	<p style="text-align: center;">Go round</p> <p>Needs: a dice and for each player a counter, a piece of paper and a pencil</p> <p>Throw with a dice. Go round. When you reach a number that is open take these steps forward. When the number is black, take these steps back.</p> <p>Each time you pass the flag, write 1 letter on your paper. After playing a certain time, e.g. 15 minutes each player tries to make as many words as they can with the letters he or she wrote. Each letter can be used more times.</p>			
					

Variation: Each time you pass the flag you get a number of points, e.g. 5. When you pass the flag 6 times you got 5 x 6 = 30 points.
