

Making words with sounds

Every letter group, use the sounds the children know.

Cut the cards.

Put the cards in a box or sack.

Pick one. Let the children say or write one or more words with the sound.

Variation:

Give a specific item, like animals. The children have to find a name of an animal with the sound.

Pick two sounds. Can they make a word including both sounds?

Who can make the most words with a sound?
